What Parents & Educators Need to Know about **FINAL FANTASY XIV**

AGE RESTRICTION
PEGI 16

WHAT ARE THE RISKS?

The video game Final Fantasy XIV launched in 2010, and, despite being critically panned, it saw an overhaul that has made it one of the biggest success stories in gaming. Its huge world, epic story and versatile combat system have continued to draw in new players, but there's a lot that trusted adults need to be aware of – not least the cost of paying monthly to play.

ALWAYS ONLINE

Final Fantasy XIV is an MMORPG, which stands for Massively Multiplayer Online Role-Playing Game. Much like World of Warcraft, players create a character in a chosen class and level up by completing quests to gain power and items. The game requires a constant internet connection, whether you're playing on PC, Mac, PlayStation or Xbox, and there's no option to play offline.

REGULAR EXPANSIONS

As with similar titles in the genre, players can purchase expansions to unlock additional content for the game. Those without the expansions will be locked out of certain new quests and activities, meaning that young people who play regularly will potentially have the next release earmarked on their calendar, ready to buy it as soon as possible.

IN-GAME PURCHASES & SUBSCRIPTION FEE

Users need to pay £8.99 per month to play Final Fantasy XIV, but there is a free trial. If someone stops paying, they'll lose access to their character (although they'll be able to pick up the payments again and resume where they left off). If a player forgets to cancel their payments, however, those subscription fees will continue rolling on automatically.

VOICE & TEXT CHAT

Final Fantasy XIV lets players send chat messages in-game or speak to each other over voice chat. On the one hand, that provides plenty of choice for how those enjoying the game can interact with their fellow fans. On the other hand, however, it's easier than in many games to receive unprompted messages from a stranger, with whom you constantly share your play space.

VIOLENCE

While Final Fantasy XIV has a fairly light tone throughout some of its quests, many involve killing enemies and sometimes even wild animals. The violence isn't especially strong – more comparable to a cartoon or anime style – but the act alone may make some children feel uncomfortable, if they're not yet able to separate fictional harm from the real kind.

POTENTIAL FOR ADDICTION

As with World of Warcraft, there's an element of addiction to Final Fantasy XIV. The gameplay loop can be quite engrossing, as minutes turn into hours and hours into days while playing alone or with friends. This can potentially lead to missing real-life events, a lack of interest in any activities not related to the game and procrastination around responsibilities like schoolwork.

Advice for Parents & Educators

MANAGE PLAYTIME

Playtime limits are a great way to counter the addictive qualities of games like Final Fantasy XIV. They allow you discuss why it's still important to enjoy things outside of gaming while still letting a child enjoy playing online with their friends when it makes sense to do so. It's all well and good to have fun with a game, so long as they're able to step away and reconnect with the real world.

PLAY TOGETHER

The free trial makes it extremely easy to jump into Final Fantasy XIV and play alongside a child, provided they're old enough. Not only does that help you ensure that settings are adjusted for their privacy and safety, but it may also end up becoming a bonding experience for you both and any other family members that want to try it out.

MAKE USE OF THE FREE TRIAL

The Final Fantasy XIV free trial is a generous one, with no limits on how long someone can play until their character hits level 70. That's easily dozens of hours for a child to go through the game, complete quests, and see if they enjoy it before purchasing expansions or subscribing to a membership. They may well move on to something else before you need to spend so much as a penny.

REMEMBER, IT'S A PEGI 16

Despite its often-relaxing nature, Final Fantasy XIV carries a PEGI 16 rating for violence and drugs (although the latter is due to a character smoking a pipe on occasion). There's minimal blood, but characters can attack enemies (and other players) with weapons and spells. Take a look at some gameplay videos to see if the content is appropriate for a younger player.

THANKFULNESS

HOME SCHOOL VALUES

This term we will be focussing in school on the value THANKFULNESS. We hope your family will find these ideas helpful as you explore the value and have fun together.

TALK TOGETHER about Thankfulness

'Count your blessings' is an old saying, but it reminds us to be **thankful** and not take things for granted.

As a family you may like to talk about

- Remembering to let other people know when you are **thankful**
- Not taking things for granted
- Practical ways of showing gratitude
- How it feels when someone **thanks you!**

THINK TOGETHER Words of Wisdom

"God gave you a gift of 86,400 seconds today.

Have you used one to say **thank you?**"

The Man Who Came Back

Jesus was travelling along the dusty roads towards Jerusalem. At each village he was welcomed by people, happy to see him and listen to his teaching. But today, as he entered the village he saw in the distance a small group standing apart from the crowd. They were calling out, "Jesus, Master, help us, please make us well." These poor people had a disease called leprosy. They were terribly ill and no-one in the village wanted to go near them.

But Jesus didn't ignore them. He stood among them and prayed for them. As each of them went on his way they began to notice that their whole bodies were healing up. They were so excited that they immediately rushed off to share their good news. Well, nine of them did. The tenth turned and fell on his knees in front of Jesus and **thanked** him for what he had done.

"I healed ten people with leprosy today", said Jesus to the man. "Where are the others?". But then he smiled "Well at least you came back to say **thank you!**"

FASCINATING FACTS

Have you ever thought about how many people we have to **thank** for some of the everyday things that we take for granted? For example the milk we drink.

Thank you Mum & Dad for buying the milk ,

Thank you supermarket workers for stacking the shelves and operating the cash tills,

Thank you lorry driver for bringing cartons of milk to the supermarket,

Thank you workers in the packaging factory,

Thank you milk tanker driver for collecting the milk from the farms and bringing it to the factory,

Thank you farmers for milking the cows.

★ HALL OF FAME

Laura Trott Track Cyclist

At the age of just 20 Laura won two gold medals in Track Cycling at the London 2012 Olympics. Then four years later in Rio, she won another two, making her the first British woman in any sport to win four Olympic gold medals.

It wasn't easy – as a child she suffered from asthma but enjoyed and competed in trampolining until she had to give up due to breathing problems. Then as a young teenager she took up cycling and at 17 won a junior title racing in the British championships.

Her inspiration to train and succeed as a cyclist came from a meeting with Sir Bradley Wiggins for which she will always be **thankful**. She chatted to him and wore his gold medal for a few moments. It felt amazing!

After her success in the Rio 2016 Olympics, Laura talked about her training programme – it is not just her hard work that brings success. She really is **thankful** for the whole team - managers, coaches, doctors, mechanics, therapists and so many more people - who encourage, motivate and support her.

HOME-SCHOOL CHALLENGE

Thank you chain

Think about how an everyday item reaches you: Where does it come from? Who was involved in making it? Who should you thank?

Make a **thank you chain** and bring it to school to hang in the Challenge Gallery.

FAMILY FOCUS

Time to say "Thank you"

Draw a clock face for your family to fill in together.

Choose one day and ask every one to think, as the hours tick by, about one thing in each hour that they would like to say **thank** you for.

Draw a picture of what you are **thankful** for in each segment.
